gains in every kind of High and Low Shoe. The very best footwear that is produced in this country enters the bargain lists. We always make this event the star event of the year's business. The idea is to close out all remnants and summer shoes and not carry any over into the next season under any circumstances. We figure that we have made the necessary profit on the shoes up to now, and that sacrificing them now doesn't mean the loss that it shows on its face.

This year the sale means more than ever before-the goods are fresher, better, more up to date and finer in every way than the remnants of previous years-and also we have never before gnored cost so completely Study these prices and pick your shoes from

"Hechts' Greater Stores,"

See Wednesday evening's papers for announcement of the most startling sale ever held by any store in this city.

Of all underwear offerings this one leads.

From the leading muslin underwear maker in the land, whose name is time and time again advertised by other department stores, we have secured the sample garments turned in by his twelve traveling salesmen, together with what he terms his "factory seconds."

We need scarcely explain to you what "samples" are. Each salesman carried one garment of a kind from which he took orders, therefore there are no more than twelve of a kind-from the unpretentious garments to the most elaborately trimmed lingerie.

The "factory seconds" are those garments which became oilspotted in the making, which are not quite up to this maker's high standard in workmanship, which show a drop stitch here and there. Aside from the oil spots, which can be readily eradicated, the imperfections are not noticeable only to the eye of the expert and in nowise injure the worth of the garment. These are the muslin garments which we have secured so

enormously below worth prices, enabling the maker of them to clean up his stock, and which we put on sale tomorrow morning, and without hesitation pronounce as the greatest bargains at the prices we have marked them that have ever been offered by any local concern. We have divided them into three lots-piled them on three separate tables for easy choosing and buying. Lot 3—

A MILITARY RESERVATION.

Deputy Sheriff Denied Permission to Make an Arrest. Special Correspondence of The Evening Star.

Armed with a warrant sworn out by W. G. Brown of Kensington, a member of the Montgomery County Anti-Saloon League Deputy Sheriff Frank Gaither yesterday morning visited Camp Ordway, near Gaithersburg, for the purpose of placing under arrest William T. Nicholson upon the charge of violating the local option law of this county by selling intoxicating liquor on the camp grounds. He gained admission to the camp and located Nicholson, to whom the camp and located Nicholson, to whom he read the warrant. Nicholson asked to be permitted to consult with the military officers, and with the deputy sheriff went to their headquarters. Gen. Harries informed Gaither that he could not take Nicholson, and stated that the camp was a government reservation and was not subject to the laws of the county. He also stated that if any member of the guard should be guilty of any wrongdoing he would be punished by a military court.

Gaither concluded not to attempt to take Nicholson by force. It is stated that further attempts will be made to prosecute

The quarterly conference of the Free Methodist Churches of the Philadelphia district closes this evening, after a three-day session at this place. All of the meetings were interesting and were largely attended. Today was the big day of the conference. At 9:30 this morning a love feast was held, followed at 10:30 by preaching. A children's service was held at 1:30, and there was preaching at 3 and 8 p.m.

Included within the Philadelphia district are several churches in Pennsylvania, one at Dover, Del., one at Alexandria, Va., and the Rockville and Avery churches of this county. Reports from the various churches show the denomination in the Philadelphia district to be in a healthy condition.

Rev. George Bowman of Washington oc-cupied the pulpit of the Rockville Baptist Church this morning. Baltimore and Ohio engine No. 805 caught

cupied the pulpit of the Rockville Baptist Church this morning.

Baltimore and Ohio engine No. 805 caught fire at an early hour yesterday morning on the siding at Boyd's, and the entire cab was destroyed and the machinery considerably damaged. The engine was attached to train No. 60, preparatory to hauling it to Washington, but was cut loose before any damage was done to the cars.

Mrs. C. B. Pierce and children Bessie and Frank, residing near this town, left a few days ago for a trip to Boston by sea. They sailed from Baltimore with the intention of stopping at Newport News, Norfolk and Fortress Monroe. They will visit friends in Massachusetts and will return by rail, stopping at Newport and Asbury Park.

The funeral of Mrs. Annle Collier, wife of John W. Collier, a former sheriff of this county, took place at 2 o'clock yesterday afternoon from the M. E. Church at Dickerson, and was one of the most largely attended ever held in that section. The interment was in the demetery at Bealisville. Within a few weeks work on the Rockville and Georgetown turnpike will be completed. Contractor Blunt, who has the contract to complete that portion of the pike from Bethesda ot where the original contractors left off when they were ordered by the county commissioners to quit because of alleged repeated breaches of their contract, says that he will complete his part of the road within the ninety days specified in his contract. In a few days the county commissioners will begin work on that portion of the road turned over by the original contractors as completed and will place it in excellent condition. The work will be done under the supervision of an experienced road builder and will be completed by the time the other portion of the road is finished. It was the original intention of the poke from the District line to Bethesda, but it has been decided to repair that also, and it will be topdressed with small stone. When completed the road will be a fine one from Rockville to the District of Columbia line.
